The digital video solution for schools

ClickView is now being used by teachers at Smithfield SHS. This service allows students to view educational programmes from their computer and some teachers may request students to view programmes as part of their homework.

To view programmes at home, the ClickView Player will need to be installed on your home machine. Below are the instructions, and for any technical queries please call ClickView technical support on 02 9518 5165.

ClickView Player for Windows is compatible with any of the following Microsoft Windows operating systems:

- ✦ Windows ME
- ✦ Windows 2000
- ✦ Windows XP (Home or Professional)

For the purpose of accessing the ClickView School Bag, ClickView Player for Windows can be installed onto a student's home PC by following these simple steps:

1. Download the ClickView Player setup file from www.clickview.com.au/downloads
2. Once downloaded, simply run the installation file and follow the prompts until the installation process is complete. (More information on the installation process can be found by going to <http://www.clickview.com.au/support/install.php#ClickViewPlayer>)
As the ClickView Player requires the Microsoft .NET Framework, this process may attempt to automatically download the Microsoft .NET Framework during the ClickView Player installation procedure.
3. Open the ClickView Player by double-clicking the 'ClickView Player' short-cut located on your Desktop.
4. To open your ClickView School Bag, simply click 'File' -> 'Open School Bag' from the menu bar. Then simply select the location of the ClickView School Bag and press OK.
5. The ClickView School Bag will appear under 'Video Library' where it can now be accessed.
