Murray Bridge Regatta 14 February 2009

Well done to all the crews which raced at the Murray Bridge Regatta. With the recent spate of cancellations due to hot weather it was a long time between races and the day attracted a record number of participants.

The hard work done during the January camps saw the crews experience some fantastic results.

The 1st Eight came 2nd to Saints by 1 second and were almost 10 seconds faster than 3rd place. The 9 and 10 A crews also did well with some hard fought 1st places to match the other crews. With 7 weeks to go before the Head of the River the tone has been set for some great racing.

West Lakes Regatta 21 February 2009

I'm pleased to report to you the success experienced by the PAC Rowing Club at last weekend's West Lakes Regatta and 1st Grade Championships. The crews performed exceptionally well against a full field of competitors.

The highlight of the day for many of the parents and rowers was the 1st Eight winning its first 2km race of the season. Building upon the one second loss in the previous week the 1st Eight was able to dig deep and win by 2 seconds over Saints in a time of 6.11.63.

Well done to the all boys who I know are all working exceptionally hard to improve their standard.
